UNIVIEW INDOOR™ BY UNILINE

Ultra-Modern Texture for Your Windows

It’s chic, uncluttered and works beautifully in contemporary settings. Introducing our Uniview Indoor fabric. The decorators’ choice for modern office and home windows, Uniview Indoor’s textured mesh has excellent anti-glare properties and allows you to see out without sacrificing your privacy.

This super-stylish fabric with the architectural feel comes in a palette of naturals and neutrals including soft creams and greys through to the deeper hues of charcoal and steel, all in a choice of widths to suit a range of furnishing projects.

Uniview Indoor is of such exceptional quality, that it comes backed by our 10 year industry-leading guarantee.

Uniview Indoor. Durable for many years.

Made of durable 30% polyester and 70% PVC coating, Uniview Indoor comes in 20 colours with a 2650mm width and six colours in a 3000mm width, offering flexibility for a wide range of projects. All fabrics comes in a 420 GSM weight and features a colour rating of >6-7 using the ISO 105-B02-1994 Xenon Arc so your fabric colour will look great for years to come. It offers a good UV protection factor, making it the popular choice for everything from sunny boardrooms to light-filled loungerooms.

Colours Available
