Fallon Solutions delivers a comprehensive range of trade solutions to homes and businesses in South East Queensland. We'll save you time and money because you only ever need to deal with one specialist.

Established in 1962, we are known for our quality workmanship, reliability and competitive rates. If you need something installed, managed or serviced, we've got the right person for the job. We will do it right the first time, making your life easy.

We can be there today!

Need help in a hurry? Look no further than Fallon Solutions.

- Contact us 24 hours a day, seven days a week, 365 days a year
- With 80 staff and over 50 service vehicles on the road, we react quickly and log your job with the technician that's nearest to you, reaching you sooner
- We pride ourselves on our ability to complete small maintenance tasks, in most cases, within 24 hours; now that's service

Leave it to Fallon Solutions; we'll take care of everything.

Our fully-qualified technicians are specialists in their chosen fields. We handpick the very best to join the Fallon Solutions team. It means you can rely on us to deliver high-quality outcomes across each of our services every single time. This adds up to real peace of mind.

ELECTRICAL

Fallon Solutions is one of the largest electrical contractors in South East Queensland.

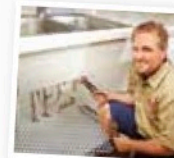

Our size means we have more people on the road so we can get to your site quickly when repairs are needed. We are also reliable and responsive when it comes to maintenance and installations. Our master electricians are experienced, licenced and accredited. They have the skills to deliver the full range of electrical and data solutions. Their standards are very high so you will always receive an excellent result.

PLUMBING

No plumbing or drainage task is too large or too small for Fallon Solutions.

Our fully-trained, experienced and licenced master plumbers work to Australian Standards as they meet customers' needs. Their care and attention means the work is always completed to the highest standard. Working from fully-stocked service vehicles, all repair, installation and maintenance projects are completed without delay.

AIR CONDITIONING

Get the right air conditioning products, advice and service from Fallon Solutions; we've got the right experience.

Whether you are seeking someone to repair, design, supply or install an air conditioning system, we have the knowledge and expertise to take on the task and complete it with a minimum of fuss. From split systems in suburban homes to ducted air in city high-rise buildings, we can do it all cost effectively and efficiently. Plus our maintenance programs are designed to keep your systems running efficiently 24/7.

APPLIANCE REPAIRS

Our technicians will come to you to repair your damaged or broken electrical equipment; our vans are stocked with commonly-used parts so you won't be kept waiting.

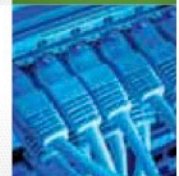

ENERGY AUDITS

Our energy audits are designed to help you reduce the amount of power you use every day, helping you keep costs down.

DATA CABLING

We will deliver a quality, comprehensive and dependable customised data cabling solution to suit your needs now and in the future.

CARPENTRY

From repairs to small projects and renovations, quality counts. Our carpenters are experienced, qualified and ready to take on your project.

HOT WATER SYSTEMS

Own a hot water system that's in need of repair? We can fix it. Or are you in need of a brand new system? We can recommend the right electric, gas, heat pump or instant hot water solution for you.

GAS FITTING

From BBQs and bayonets to hot water systems and stoves, our team can manage any gas installation with speed and efficiency.

HANDYMAN SERVICES

Are you short on time to get those little jobs done? You need a Fallon Solutions handyman. We change light bulbs, paint fences, build flat-pack furniture, and more.

TV AND ANTENNA

Our fully-trained TV antenna installers are real problem solvers. They will ensure your TV reception is clear and continuous, regardless of where you are.
