

SUPERSITE STORAGE

At Preston Hire we always endeavour to deliver innovative hire solutions that satisfy customer needs and make their job easier. Now we've added our SuperSiteStorage container hire range to the Preston Hire fleet to ensure secure onsite storage is easily available too.

SAFE & SECURE CONSTRUCTION SITE CONTAINER HIRE SOLUTIONS

Security and superb service are in store for you with Preston Hire's SuperSiteStorage

At Preston Hire we always endeavour to deliver innovative construction equipment hire solutions that satisfy every customer's needs and make their job easier.

From our industry-leading fleet of patented SuperDeck™ retractable loading platforms to our extensive SuperCranes crane hire fleet - which includes Australia's largest fleet of Maeda mini cranes and a growing number of large cranes - Preston Hire is committed to providing specialist construction equipment hire solutions, service and support that simply make life easier on site.

That commitment means we are always looking for ways to better serve our customers - which is why we have added to our hire offering with our new SuperSiteStorage container hire range to ensure secure on site storage is easily available too.

Knowing that secure storage on site is a key issue for our customers, and also that specialised containers for storage of hazardous products are becoming more crucial due to ongoing changes in OH&S regulations, Preston Hire's SuperSiteStorage container hire range offers secure storage with either standard or bunded flooring for dangerous goods, depending on your specific needs.

And, like all Preston Hire equipment, every one of our SuperSiteStorage containers comes with our promise of attentive support you can count on and timely delivery and removal to suit your site schedule. Through our Melbourne, Sydney, Brisbane, Perth and Gold Coast branches, and with alliance partners in Darwin, Adelaide and New Zealand, Preston Hire meets the needs of leading building and construction companies across Australia and over the Tasman.
