

PREMIER CRANE HIRE SERVICE

ABOUT US

Eastside Crane Hire is Geelong's leading supplier of modern hydraulic mobile cranes. The company was formed in the mid 1980's by then owner Don Hemsworth and has since been acquired in 2007 by Gibb McKay, owner and Director of Williamstown Crane Hire.

Since the acquisition, Eastside Crane Hire has modernised its fleet with the addition of 7 cranes under 5 years old, reducing the average fleet age to 5 years as opposed to 13 years at the date of acquisition.

The group is committed toward a common goal of supplying first class service to all clients. Our scope of operations and diversity of equipment enables us to supply to a range of markets including manufacturing, petro-chemical, wharf services and construction. Our goal as a group is to be the most efficient and modern crane fleet in Melbourne and Geelong and to extend this reputation nationwide through a continued commitment by management toward expansion and growth. We pride ourselves on our business ethics and our commitment to customer service as they have created the strength and foundation of our group. All staff and crew are committed to safe work practices and strive to exceed health and safety standards. The group will continue to compete, improve and develop with integrity for the benefit of all clients and stakeholders.
