WILSONART THE COMPANY

Wilsonart International® was founded as a producer of high pressure decorative laminate in 1956 in Texas, USA, by Ralph Wilson, Sr., a retired laminate industry executive. Wilson's intent was never to build a major competitor – the field in those days included 12 domestic competitors - but rather to fill his free time. Throughout the 1960s, Wilson's "hobby" grew dramatically through a formula comprising a dedicated local workforce, high-quality products and an old-fashioned commitment to customer service.

Wilsonart is the number one laminate brand in the USA and one of the leading brands worldwide. Operating in 57 countries throughout the world Wilsonart's reputation for quality products is highly regarded.

PARTNERING WITH HVG

HVG and Wilsonart have established a long term partnership aimed at providing the Australian market with more choice in laminate than HVG have ever offered before. With over 200 references in the Wilsonart collection and with an ever increasing selection of unique surface finishes available the final decision is really only limited to the imagination of designers, builders and the end customers.

Wilsonart AEON™ Enhanced Performance Laminate

01 High Gloss

A mirror sheen finish, which gives a smooth, brilliant appearance. AEON High Wear Gloss.

07 Textured Gloss

A textured finish which reproduces a high sheen of waxed finishes. AEON.

12 Soft Grain

A low gloss, matt wood texture with a slight gloss in random 'ticks'. AEON.

18 Linearity

A directional texture running the length of the sheet, having a narrow, AEON random, matte-gloss linear quality.

52 Quarry

A premium finish emulating the 'pitted' look of polished natural stone. AEON.

78 Fine Grain

The Fine Grain finish features the polish and look of real wood veneer with AEON a subtle, narrow grain structure that runs the length of the sheet.

Wilsonart®HD®High Definition® Laminate Optical Finish Effects

35 Mirage

Subtle variations in matte and gloss finish connect to nature's own AEON finishes: rough and weathered, smooth and polished.

45 Facet

A medium to small scale texture providing an optical surface effect AEON that adds dimension and depth to laminate. It is comprised of a balance of matt and gloss areas.

55 Glaze

A layering of matt features over a glaze of semi-gloss, creates this AEON time worn effect.

Non AEON Surface Textures

20 Silky Matt

A pleasant solid surface feel that's not cold to the touch.

38 Fine Velvet

A smooth textured finish with moderate reflective value.

60 Textured Matte

Textured finish with a moderate reflective quality.

90 Crystal

A very finely beaded texture that minimises smudges and finger marks.

G Gloss

A high gloss finish in a non Aeon quality.

S Satin

Ultra smooth matt surface with a soft and luxurious feel.

M Matt

A very finely beaded texture that minimizes smudges and finger marks and improves scratch resistance.

NM Natural Matt

A non-directional finish with moderate reflectivity.

PI Pure Identity

A floral high gloss pattern on a silk matt base.

WL Wood Line

An integrated natural linear texture.

WM Wood Matt

A universal discreet wood pore texture which creates the authentic appearance of timber with a matt non-reflective surface.

WS Wooden Spirit

A brushed wood stripe structure.

WHERE GREAT DESIGN MEETS GREAT DESIGN SENSIBILITIES.

AS A WORLD-LEADING PRODUCER OF DECORATIVE SURFACING PRODUCTS, WILSONART® LAMINATES DELIVERS A WIDE RANGE OF INNOVATIVE SOLUTIONS AND RELATED SERVICES. WITH PRODUCTS DESIGNED TO EXPAND YOUR INSPIRATIONAL HORIZONS, WILSONART TAKES PRIDE IN ITS ABILITY TO BOTH MEET YOUR SPECIAL NEEDS AND EXCEED THE YOUR EXPECTATIONS.

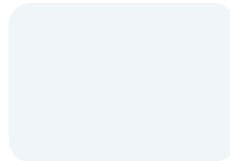

All Wilsonart Laminates are suitable for use in commercial and residential settings. Wilsonart has received independent SCS Certification of minimum 20% post-consumer recycled content, and GREENGUARD® Indoor Air Quality and GREENGUARD® Children & Schools Certifications from the GREENGUARD® Environmental Institute under their standard for Low Emitting Products, which can assist you in earning LEED® certification. Wilsonart Laminates have also received SCS Indoor Advantage™ Gold Certification for further assurance (see certificate for product types). Wilsonart HD and most Wilsonart Premium Laminates are FSC-C022201. To learn more about the countless design opportunities available through HVG Decorative Building Products, visit hvgbuilding.com.au.

For your convenience, most Wilsonart Laminates featured here are in stock and ready for immediate delivery from our distribution centre.

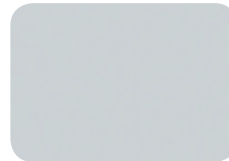

Wilsonart® HD®

HIGH DEFINITION LAMINATES

A fusion of beauty and state-of-the-art technology, Wilsonart® HD® High Definition Laminate is the hardest wearing Wilsonart® Laminate yet designed. Featuring AEON™ Enhanced Performance technology, the Wilsonart® HD® collection's rich depth and dimension of design and texture, are made for exceptional environments that last.

CHEMSURF® CHEMICAL RESISTANT LAMINATE

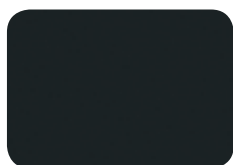

When you need to specify a surface resistant to the harshest acid, bases and solvents – but not at the expense of design and style – Wilsonart® Chemsurf® chemical resistant laminates answers the challenge. Specifically designed for highly corrosive environments, Chemsurf provides exceptional chemical resistance in most Wilsonart® Laminate standard designs. This 'Functional' design solution is laminate. It is not only lighter in weight than other surface alternatives, but is often less expensive upfront and over its life cycle, than slate, stainless steel or epoxy. It is ideal also for applications where harsh cleaning agents may be over-used and damage other decorative surfaces.
