Thorough pest inspections for your property in Geelong

Here at Just Go Away Pest Control, we specialise in all areas of general pest control, including termite treatment.

The range of pests we deal with includes:

ANTS

Although long-term damage from ants is unlikely, they can be messy and infest decaying timber. We will deal with them effectively and humanely.

SPIDERS

We have some of the most dangerous spiders in the world living in Australia. Our experts know how to deal with your spider problem safely and effectively.

BEES

Although bees are an important part of our ecological system, if you have a swarm or are allergic to them, they can range from a nuisance to a death threat. Here at Just Go Away Pest Control, we will deal with your bees quickly and correctly.

COCKROACHES

A much-unloved creature, no one wants to live in harmony with the cockroach! If you start to hear the scuttle of the cockroach in your kitchen, call the team at Just Go Away Pest Control immediately!

BEDBUGS

These tiny critters can be hard to locate if you don't know what you are looking for. Our team of experts know where and how to look, and how to get rid of them quickly.

RODENTS

Whatever their size, rodents are destructive & dirty & spread disease. Call us today to deal with them quickly!

STORED PRODUCT PESTS

Where there is stored food, there are pests. Weevils, beetles, and moths are all common criminals found in your feed store. If left unchecked, they can cause thousands of dollars' worth of damage. Let us get rid of them once and for all.

BORERS

Borers can cause serious damage if not dealt with quickly and efficiently.

CARPET BEETLES

If left unchecked and untreated, it is not just carpets that cop it, but other soft furnishings will come under attack too.

SILVERFISH

Another consumer of fabric and soft furnishings, deal with these tiny creatures before they spread and infest.

FLEAS

This is common pest that can be very annoying to both pets and humans alike. A flea infestation is a major issue that needs a comprehensive treatment plan.

WASPS

If you find a nest, never attempt to deal with it yourself as wasps are easily provoked. Just Go Away Pest Control has the necessary safety equipment to effectively deal with the issue.

TERMITES

If not stopped in their tracks, termites can cause untold structural damage. Call us at the first sign of a problem.

FLIES

If the flies in your house become unbearable, then you have a problem. We will find the root cause and treat your fly issue.

Whether you are already living in your property, or are considering a pre-purchase pest inspection before buying a house, let Geelong's experts help.
