

## Certification

Wormald "Fire Master" safes are tested and approved annually in compliance with stringent test methods used by the international certification organisations - Underwriters Laboratories (UL), Japan Industrial Standards (JIS), The Swedish National Testing and Research Institute (SP) and the Korean Standards Association (KS).

# Fire resisting safes

## 1 hour fire resistance

Wormald fire resisting safes achieve a high level of security through a combination or digital lock, plus keylock. Automatic door locking when the door is closed is provided on digital locking models. Digital locking models also allow the user to easily and conveniently change the access code.

### SD101

External measurements  
H 307 x W 412 x D 362mm  
Internal measurements  
H 230 x W 335 x D 224mm  
Weight: 30kg  
Fittings: 1 plastic tray  
Locking options: K, C

### ESD101

Locking options: K, E

## QS70

External measurements  
H 685 x W 638 x D 667mm  
Internal measurements  
H 450 x W 430 x D 376mm  
Weight: 180kg  
Fittings: 1 lockable drawer,  
1 adjustable shelf  
Locking options: E

# Fire rated filing cabinets

## 1 hour fire resistance

Wormald "Firemaster" filing cabinets allow convenient suspension filing of paper records in a fire rated environment. The top drawer controls access to all drawers, with a keylock also fitted to each individual drawer. An isolating latch can be activated to temporarily remove individual drawers from the top drawer master control.

# Commercial security safes

"Guardmaster" commercial security safes are an essential solution for protecting your valuable assets. The safes are re-inforced with fire resisting refractory materials and aluminium, providing resistance to fire and burglary.

## BA510

External measurements  
H 510 x W 500 x D 574mm  
Internal measurements  
H 370 x W 360 x D 310mm  
Weight: 233kg  
Fittings: 1 adjustable shelf  
Locking options: K, C

## BA720

External measurements  
H 730 x W 540 x D 604mm  
Internal measurements  
H 477 x W 357 x D 307mm  
Weight: 350kg  
Fittings: 1 adjustable shelf  
Locking options: K, C

## BA870

# Security safes

"Guardmaster" deposit safes and small business safes are ideal for retail, domestic and business use. All safes are fitted as standard with a combination lock that allows the user to select and change the code, but may also be fitted with a digital keypad as an alternative. Deposit safes allow cash to be deposited while the safe door remains locked and secure.
