## Compact Fire Resistant Safes

Fire resistant safes perfect for your home and office.

### Features

- Fire resistant safe with attractive compact design.
- Double bolt action & hinge bolt for additional security.
- Electronic locks.
- Fire rating of UL Class 350 - 1 hour.
- Available in 5 stylish colours.

In 2009, Victoria suffered horrendous bushfires during Black Saturday.

The Locktech Buffalo EM020 Safe was found amongst the smouldering ash of a home several days after the fire had passed.

Prising open the safe revealed that all the contents including marriage certificates and other important documentation were intact.

It is estimated that the fire front reached temperatures in excess of 1,000°C.
