STRENGTH BUILT INTO EVERY DETAIL.

From the moment you buy to the moment you mow, Cub Cadet is fully committed to giving you the unrivaled experience that comes with the XT Enduro Series™. Take a look at all of the XT Enduro advantages tailored to help you create your best lawn yet.

XT1
ENDURO SERIES™

XT2
ENDURO SERIES™

XT ENDURO SERIES ADVANTAGES

- **AeroForce™ Fabricated Decks Deliver a Best-in-Class Cut**
A heavy-duty fabricated AeroForce™ deck cutting system has been rigorously tested to deliver a precise cut, with optimised airflow and maximised suction that eliminates clumping during discharge and improves bagging performance (XT2 models only).
- **Incredibly Responsive Handling**
Automotive-inspired handling with an optimised steering system that delivers a one-touch, 16-inch turning radius on the XT1 and XT2.
- **Standard in Comfort**
Adjustable high-back seats across the range and armrests available on the XT2 models, refined ergonomics and bold styling.
- **Smooth and Simple Operation**
Hydrostatic transmission—no shifting, just push the pedal and go.
- **Unmatched Support in the Industry**
An experienced national dealer network delivers dedicated personal owner support seven days a week.
- **Strong Warranty**
 - 6-year domestic & 90 day commercial unit warranty
 - 6-year domestic & 90 day commercial engine warranty
- **Year-Round Attachments**
Bagging and mulching attachments maximise the versatility of your Cub Cadet lawn tractor.

A CUT ABOVE.

The next generation of ride on mowers is here. The XT1 Enduro Series™ is the industry benchmark with power, comfort, precision and control for the ultimate mowing experience. Loaded with features, The XT1 Enduro Series™ is ideally equipped for easy mowing and hauling around the yard.

Power On A Whole New Level

The XT1 LT 42 features a 547cc Cub Cadet single OHV engine with IntelliPower™ technology that provides more available power under wet, heavy loads resulting in less bogging down and more consistent cutting.

Advanced Cutting Performance

A muscular cutting system featuring a 107cm (42") stamped deck built with heavy-duty material and an advanced belt design ensures durability and reliability while delivering the pristine Cub Cadet Signature Cut™.

Incredibly Responsive Handling

With a tight 16" turning circle that enables you to manoeuvre around obstacles on your lawn, the XT1's steering system delivers optimised command and control at every turn.

Added Comfort

High-back seats, comfort-grip steering and overall ergonomics are designed to keep you comfortable for extended periods.

WARRANTY

6-year unit domestic warranty. 90 day unit commercial warranty.
6-year engine domestic warranty. 90 day engine commercial warranty.

INTELLIPOWER™
OPTIMISED ENGINE TECHNOLOGY

AS PREMIUM AS PREMIUM GETS.

The XT2 Enduro Series delivers even higher levels of power, control and durability - all with a premium automotive-inspired design.

The XT2 LX 42 and LX 46 EFI models deliver smart tech features such as Electronic Fuel Injection and push button start. The LX 42 Kawasaki® model's 24HP engine gives you the power to take on larger areas with ease.

- **Stronger Engine Choices**
The LX 42 & LX 46 EFI models feature a 679cc Cub Cadet Electronic Fuel Injected engine that helps reduce maintenance. The EFI engine also offers Push Button Start (PBS) giving you keyless starts – just push a button and go. The LX 42 Kawasaki® model features a powerful 24HP engine ideal for larger, more challenging areas.
- **Comfort With Added Extras**
High-back seats with armrests ensure you stay comfortable for extended periods, along with a standard front bumper, cruise control plus LED headlights for maximum visibility.
- **Auto Traction Control**
Automatic locking rear differential for all weather conditions and cutting terrains available on both the XT2 LX 42 EFI and the XT2 LX 46 models.

ULTIMA SERIES

THE ULTIMATE ALL-AROUND MOWING EXPERIENCE.

Forged for Enhanced Strength and Durability

- A:** Continuous tubular steel frame
- B:** Premium Kawasaki® engines (ZT1, ZT2 & ZTX models only)

Redefined Comfort for Maximum Speed

- C:** Durable, advanced polymer seat suspension
- D:** Rubber floor mat and ample legroom
- E:** Overmolded rubber hand grips or intuitive Soft-Touch steering wheel with adjustable steering column
- F:** Automotive-inspired, ergonomic, fully adjustable high-back seat

Cut Quality for the Perfect Pass

- G:** Stamped and fully welded fabricated steel AeroForce™ deck options
- H:** 15 quarter-inch deck height adjustments

Maintain With Ease

- K:** Maintenance-free spindles
- L:** Hinged floor pan for maintenance needs
- M:** Strong warranty, including the fabricated deck shells

STEERING OPTIONS TO MEET YOUR NEEDS

Lap Bars
Overmolded and fully adjustable rubber hand grips generate less vibration for added comfort.

Steering Wheel
Professional-grade Synchro-Steer™ technology, exclusive to Cub Cadet, makes for a familiar user experience as well as enhanced precision, control and stability on hills up to 20 degrees.

THE ZERO-TURN LEADER.

Step up to the ultimate all-around mowing experience with unrivalled strength, comfort and performance. The best-in-class cut on the Ultima Series™ ZT will bring you one step closer to your best lawn yet.

- **Tough Build**
A continuous 5cm x 5cm tubular steel frame with protective e-coat on its lower end gives you optimal durability and strength with automotive-grade corrosion resistance for long-lasting use.
- **Redefined Comfort**
An automotive-inspired, fully adjustable 51cm high-back seat (armrests available on the ZT2 54), ergonomic hand grips and a rubber floor mat let you comfortably cut at a maximum forward speed of up to 11km/h.
- **Best-In-Class Cutting Performance**
Independently tested and proven, the fabricated decks on the ZT1 46 and ZT2 54, in combination with 15-position deck height adjustment options and an offset front axle, deliver a best-in-class cut with fewer clumps, finer clippings and increased evenness.
- **Seamless Maintenance**
Highly accessible hinged floor pan for easy deck access and maintenance-free spindles make routine servicing quick and simple.

WARRANTY

3-year unit domestic warranty. 90 day unit commercial warranty.
3-year engine domestic warranty. 90 day engine commercial warranty.
5-year fabricated deck shell domestic warranty.

STEP UP TO ANY CHALLENGE.

The professional-grade build of the Ultima Series™ ZTX zero turns deliver enhanced strength and durability so you can comfortably cut at maximum speed through the most challenging conditions.

- ▶ **Strength On Deck**
Built on a 4cm x 8cm tubular frame and featuring a 10-gauge steel fabricated AeroForce Max™ deck with side, top and leading-edge reinforcements and best-in-class bagging capabilities, you will be equipped with the right amount of strength and rigidity for consistent productive mowing.
- ▶ **Built-In Longevity**
The professional-grade Kawasaki® engines are backed by a strong 3-year domestic warranty and service support from our extensive dealer network nationwide to assure the extended lifetime of your machine.
- ▶ **Command With Comfort**
Advanced polymer seat isolators, isolated front caster suspension and an automotive class 51cm high-back seat with padded armrests deliver a smooth, quiet ride at up to 14km/h with less vibration than other zero turns.
- ▶ **Endless Versatility**
With a full line-up of premium attachments and LED headlights, as well as a standard rollover protection system (ROPS) plus rear tow hitch, build the perfect zero turn package to tackle all of your needs.

HEAVY DUTY. EASY RIDE.

Feature packed for premium performance, the Z-FORCE® SX Series gives you more. You will not only become confident with the Synchro-Steer™ four-wheel, car-like steering wheel control, but also an impressive list of professional-feature upgrades. More comfort. More power. More precision. More durability. More reasons you'll look forward to a satisfying day caring for your property.

- Advanced Manoeuvrability And Confidence**
 With the ease of steering-wheel control and stability of four-wheel steering, you'll have unprecedented command over challenging areas including hills of up to 20° slopes and uneven terrain.
- Incredible Strength**
 Powerful Kawasaki® engines, fully welded full-length steel frames and tough fabricated decks with heavy-duty spindles deliver outstanding results year after year.
- Amazing Comfort**
 From the moment you sit on the comfortable high-back seat, you'll know you're in for a great ride. Standard armrests, adjustable steering column, a roomy footrest and the easy-lift deck height adjuster are just a few of the features that make this rider great for all-day operation.

Synchro-Steer™ technology

THE POWER TO CUT IT ALL.

The Cub Cadet wheeled string trimmer has the power to clear tall and thick grasses, heavy brush as well as other vegetation making it ideal for larger, tougher jobs. The offset deck means the trimmer can be used against walls and fence lines while walking in a straight line. Easy to use and manoeuvre, the trimmer cuts through difficult areas with ease putting you in control.

- **Simple Height Adjustment**
Easily change the multi-position cutting height. Lower for trimming along fences, retaining walls and structures; higher for long, thick weeds in a field.
- **Exceptional Handling**
The ball-bearing wheels give remarkable manoeuvrability on uneven terrain. The offset head design easily cuts around obstacles like fence lines and corners.
- **Powerful Performance**
With a powerful Cub Cadet 140cc engine, tackle the tough stuff without worrying about bogging down.

- ▶ Loaded with modern comforts like automotive-inspired steering, adjustable seating and cruise control.
- ▶ Direct-drive 107cm (42") stamped deck powered by one brushless motor per blade allows for optimal airflow and efficiency, along with side-discharge, bagging and mulching capabilities to deliver a consistent premium cut with every mow.

• XT1 LT42 E

FLEXIBLE CHARGING SYSTEM.

Get a lightning-fast charge from a standard 110V outlet without waiting overnight. In a pinch, charge to the exact power you need without risking battery damage.

NO PETROL. NO OIL. NO HASSLES.

Less time getting ready to cut means more time enjoying your yard.

WARRANTY

6-year unit domestic warranty. 90-day unit commercial warranty.
6-year engine domestic warranty. 90-day engine commercial warranty.

100% EMISSION-FREE EQUIPMENT WHEN MOWING.

No exhaust, carbon monoxide or unburned hydrocarbons from the on-board power source for cleaner operation.

SIGNIFICANTLY QUIETER THAN GAS.

Cut at dawn or dusk without disturbing the neighborhood.

ELECTRIC
LITHIUM ION

BUILT FOR BUSINESS.

Make your business mean business.

We asked commercial users what they expect and demand from their equipment and then started from scratch.

Designing every element of our commercial offering with the professional in mind, we put them through rigorous testing, not finalising our design until we addressed the common setbacks landscapers experience.

The result is a quality professional line-up that lets you take on long seasons of demanding work with confidence.

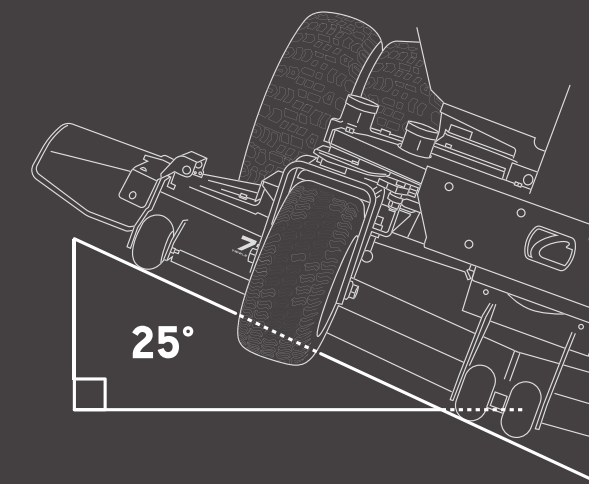

THE ULTIMATE MANOUEVRABILITY

UNRIVALLED STEERING WHEEL CONTROL

Steering wheel control increases productivity, mowing hillsides and terrains that lap bars can't handle.

- Reduces mowing time by up to 10% compared to lap bar models.
- Delivers true zero turn handling, less overlap and straighter lines.
- Four-wheel steering for unmatched hillside stability.

Unmatched hillside confidence

Available on the PRO Z 972 SD and 972 SDL.

STRONG RESULTS WITH STEERING CONTROL.

The PRO Z 100 S Series is built to stand strong with a fully reinforced frame, triple-guard fabricated decks and commercial electronic fuel-injected engines for amazing fuel efficiency. Add four-wheel steering that eliminates turf damage and gives unmatched hillside stability of up to 20° slopes, the PRO Z 100 S Series will give you the confidence that your equipment will work hard all day, every day.

- Power And Efficiency**
 High-performance, maximum-power Kohler® Confidant V-Twin EFI engines provide increased torque and give up to 25% in fuel savings when compared to an equivalent carburettor for the ultimate in efficiency. The heavy-duty air filter and filtration system ensures a longer engine life so that you'll be cutting with confidence year after year.
- Heavy-Duty Decks With A Professional Cut**
 Extra-tough fabricated decks for added durability that feature anti-scalping wheels at the front and side of the deck to give your lawn a professional looking cut.
- Amazing Comfort**
 From the moment you sit in the comfortable high-back seat, you'll know you're in for a great ride. Standard armrests, adjustable steering column and the easy-lift deck height adjuster are just a few of the features that make this rider great for all-day operation.

WARRANTY

HW PRO SERIES

(See page 43 for full specifications)

UNBEATABLE IN EVERY ENVIRONMENT

Cub Cadet's professional hydrostatic drive walk behind mower, the PRO HW Series, is built for maximum performance and minimal downtime. With innovative steering technology, durable deck and rugged construction, this professional walk behind is tough enough to tackle difficult terrain in every environment.

- **Unmatched Steering**
Optimal weight distribution and large tyres maximise stability on hillsides and slopes, while hand-lever steering control uses less force to steer the mower meaning less fatigue.
- **Easy Control**
Straight-line adjustable tracking allows for on the go straight line adjustments with the turn of a knob and cruise control gives ultimate speed control so you can mow at your own pace.
- **Durability At Its Core**
The 10-gauge steel deck shell with 7-gauge top and bottom reinforcements ensure that this cutting deck can take a beating. A 7-gauge leading edge and 1/4" side reinforcements add to the all-round heavy-duty construction. Maintenance-free sealed spindles maximise performance and reduce downtime.

Kawasaki
— ENGINES —

PRO X SERIES

- PRO X 648
(See page 43 for full specifications)

STRENGTH TAKES A STAND

Seize productivity with the latest addition to the Cub Cadet professional line up. The PRO X 648 gives you the zero turn flexibility you need to mow a wider range of properties. The easy-to-adjust suspension platform accommodates any operator while the smooth and highly responsive controls allow for less vibration and peak manoeuvrability, maximising your productivity and comfort.

- **Unmatched Ground Clearance**
With a fully fabricated 10-gauge deck shell, 7-gauge top and bottom reinforcements, plus standard 61cm tyres, the PRO X 648 gives you more ground clearance to easily hop on curbs.
- **Greater Impact Absorption**
A large, fully adjustable suspension platform allows you to fine-tune tension and glide comfortably over the roughest of terrains.
- **Optimised Performance**
An easy step-on/step-off design allows for quick debris pickup while the bigger 122cm (48") fabricated steel deck maxes out traction and reduces turfing for an even, professional cut.
