

GAS INSTANTANEOUS HOT WATER SYSTEMS

**BOSCH**

Bosch Pilot Units

Bosch Pilot Ignition hot water systems are available in flow rates of 10 and 16 L/min,

A standing pilot light is maintained throughout the life of the appliance.

Bosch Hydro Units

Bosch External HydroPower hot water systems are available in flow rates of 10, 13 and 16 L/min

These systems use power created by water flow to ignite the burner.
