

## ***About Dani***

My name is Dani and I'm one of the proud owners at Hair Cartelle.

I have been in the hairdressing industry for 10 years and there is not a day go by that I don't love my job. I have been lucky enough to have a dream come true with Hair Cartelle. There is no better feeling then succeeding in something you have always dreamt of!

I'm not just about creating the perfect hair but also the perfect salon experience. I love the way I can have my clients feel comfortable just by having an in depth consultation to ensure they walk out leaving with their expectations met. I thoroughly enjoy giving relaxation scalp massages so each individual can zone out (this is my time to zone out and relax also)!! My favourite part is when I have blow dried and styled hair, it makes me feel so incredibly happy to see someone else happy! I believe getting to know each individual client of mine is so important. As a hair dresser, we spend several hours with our clients so the bond and connection means a lot to me. I specialise in all aspects of colouring and precision style cutting. There is nothing more exciting than a colour correction!!

While I'm not at work I love to spend time with my loved ones, usually eating!

I look forward to meeting you,

Dani x
