

Lift & Recline Chairs

## Lift & Recline Chairs

# Bluesky Healthcare - Enjoy a better quality of life.

Since 2001, Bluesky Healthcare has been a leading provider of quality and stylish mobility solutions, dedicated to helping Senior Australian's enjoy a better quality of life.

Our extensive range of customisable mobility products are specifically designed and manufactured to help you maintain your independence while at the same time giving you a safer enjoyment of your home.

## Lift & Recline Chairs

Bluesky Healthcare's individually handcrafted Lift & Recline Chairs are manufactured according to your seat size, leg length and back shape. With an ergonomic design, featuring a full leg chaise to give you the utmost comfort while in a seated or reclined position, and a reliable motor assisting you as you rise from it, a Bluesky Healthcare lift chair can improve your quality of life.

We offer wallglider, tilt in space and bed-chair recline mechanisms in four different sizes of frames to ensure the best fit for you. Our chairs feature superior Australian-made timber frames, ultima foam and are available in your choice of quality fabrics. For added luxury you can also choose to have multi-position programmable massage or lumbar heating options built into the chair, allowing you to enjoy the ultimate full-body relaxation experience. For maximum safety our chairs come with thermal overload protection switches.

Our chairs are made-to-order on site in our premises and will give you the ability to enjoy a mobile and active lifestyle, enabling you to live life to the fullest.

Bluesky Healthcare lift and recline chairs are individually hand crafted with a level of workmanship that can only be attained from over 20 years of experience. Offering quality, comfort and true value for money a Bluesky Healthcare lift and recline chair is an investment in your future.

A Bluesky Healthcare chair sees the struggle, strain and danger of getting out of a low chair safely eliminated. So too is the need to be pulled, lifted and dragged out of a chair by a friend or family member.

Brando

Hudson

Bogart

The wallglider mechanism is perfect for small rooms as the chair moves away from the wall as it reclines. The leg rest can raise and lower independently of the back rest allowing you to sit upright with your feet elevated.

Minelli

Bacall

The bed-chair mechanism is the ultimate in flexibility as the leg rest and the back rest work separately utilising their own motors. The back rest lays back to completely flat whilst the legrest fully extends for the perfect afternoon nap.

The tilt-in-space mechanism is ideal for those with hip and back flexion problems as the chair raises the leg rest and reclines the back rest in the one smooth action providing conformity of position.

## Accessories

Massage & Heat

Hand Control Cradle

Flip Cushion

Arm Rest Covers

Strong wooden frames, heavy duty steel mechanisms, powerful motors, easy grip arm rests, battery power back, castor wheels, magazine pockets and Joyce ultima foam are all standard features whilst heating and massage systems are optional.

## Service and Experience You Can Trust

Bluesky Healthcare's strength is our staff. No matter your requirements, our friendly and caring healthcare consultants have the experience and knowledge to help design the right product for your comfort and health needs based on our unique 10-point healthcare assessment.

Our trained consultants take the time to talk with you to assess your needs and find out exactly how a Bluesky Healthcare product can offer you the maximum health benefit. Our fully equipped mobile showrooms can bring any of our products to your home for a relaxed and obligation-free consultation, demonstration and trial - at no charge.

## Servicing and Warranty

Bluesky Healthcare offers a comprehensive warranty programme across our complete range. In addition to the standard 12-month warranty, you can also opt for a 5-year extended warranty at an annual fee of just \$99; as part of our preventative maintenance programme. This extended 5-year warranty covers annual servicing plus repairs and maintenance, ensuring that your Lift & Recline Chair continues to operate perfectly, giving you total peace of mind.
