## What We Do

### Run Lengths

We can produce quantities from 250 to several million. A large number of our orders are quantities in excess of 100,000.

### Colours

Capabilities include up to 7 colours (process available). All plates are produced in-house, ensuring high quality and quick turnaround.

### Delivery

You should allow 7-10 days from artwork approval. Please allow extra time for very long runs or specialty work.

### Overruns and Underruns

We will ship exact quantities unless otherwise specified. If you require overruns please let us know. Due to web production variables, we reserve the right to ship up to 10% underruns or overruns.

### Pricing

All quoted prices are based on final artwork being supplied via e-mail or disk.

### Electronic Pre-Press

Simply e-mail your artwork to us at [artwork@wagnerlabels.com.au](mailto:artwork@wagnerlabels.com.au) and fax a hard copy with your purchase order. Some of the programs supported include: Adobe Illustrator, CorelDraw, Adobe InDesign, Adobe Photoshop, QuarkXpress, Macromedia Freehand, PDF format.

### Numbering

We are able to consecutively number in various sizes on the following stocks: thermal transfer.

### Adhesives

All labels are printed using a permanent adhesive. Removable adhesives are available. Special adhesives are required for applying to poly's or plastics.

### Credit Terms

Credit terms can be established in 1-3 days. In the absence of approved credit all orders will be shipped C.O.D. Large orders may require a deposit at the time the order is placed.

### Shipping

For very large orders we will source transport carriers for the lowest rates. If you have a preferred courier please let us know.

### Lamination & Varnishing

These options are available for labels that need extra protection (indoor and outdoor applications).
