

The Roller Blind

The Choice is Yours

Simple and stylish and with a wide range of fabrics available, the Uniline Roller Blind system ensures your spoilt for choice everytime.

The Uniline Roller Blind comes in four styles:

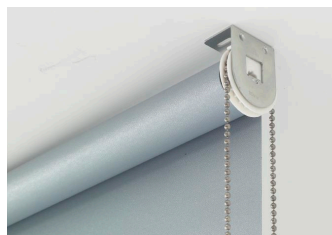

- Traditional roller blind
- Roller blind with a single front pelmet
- Roller blind with a front and rear pelmet
- Day & night system - dual roller blinds

For free standing areas where both sides of the blind are visible, the roller part of the blind is cleverly concealed by a pelmet.

Roller Blind Features & Benefits

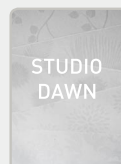

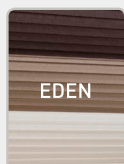

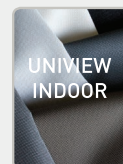

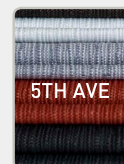

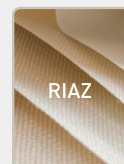

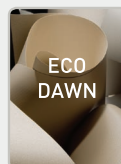

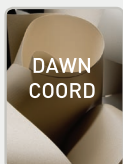

Our roller blinds are smooth and quiet to operate, and can feature any of the fabrics below. Additional features include:

- An innovative four-stop mechanism (spring control system) which allows the blind to be 'locked' into four positions
- Long lasting / rust free brass pawls (locking mechanisms)
- Matching or contrasting pelmets are easy to install thanks to their unique clip-in features
- Choose either an alloy pelmet for a stylish look or a more traditional fabric style to completely coordinate your blind
- Motorisation option available with switch and remote control systems
- Also available in the popular chain control system

Uniline Roller Blinds are compatible with these fabric ranges:

Dawn Coordinates , Dawn Warm Essentials, Dawn Cool Essentials, Mini Dawn, Eco Dawn, Riaz, 5th Avenue, Uniview Indoor, Melaleuca, Coral Bay, Uniweave, Eden, Pearlised, Studio Dawn
