

Wollongong City Excavation & Demolition prides itself on its commitment to safety, customer service, affordability, and knowledge. Backed by highly trained experienced staff and more than a decade of industry experience, you can rest assured that your project is in safe hands! Our services include earth moving, demolition, asbestos removal and civil construction, and we can tackle any size project!

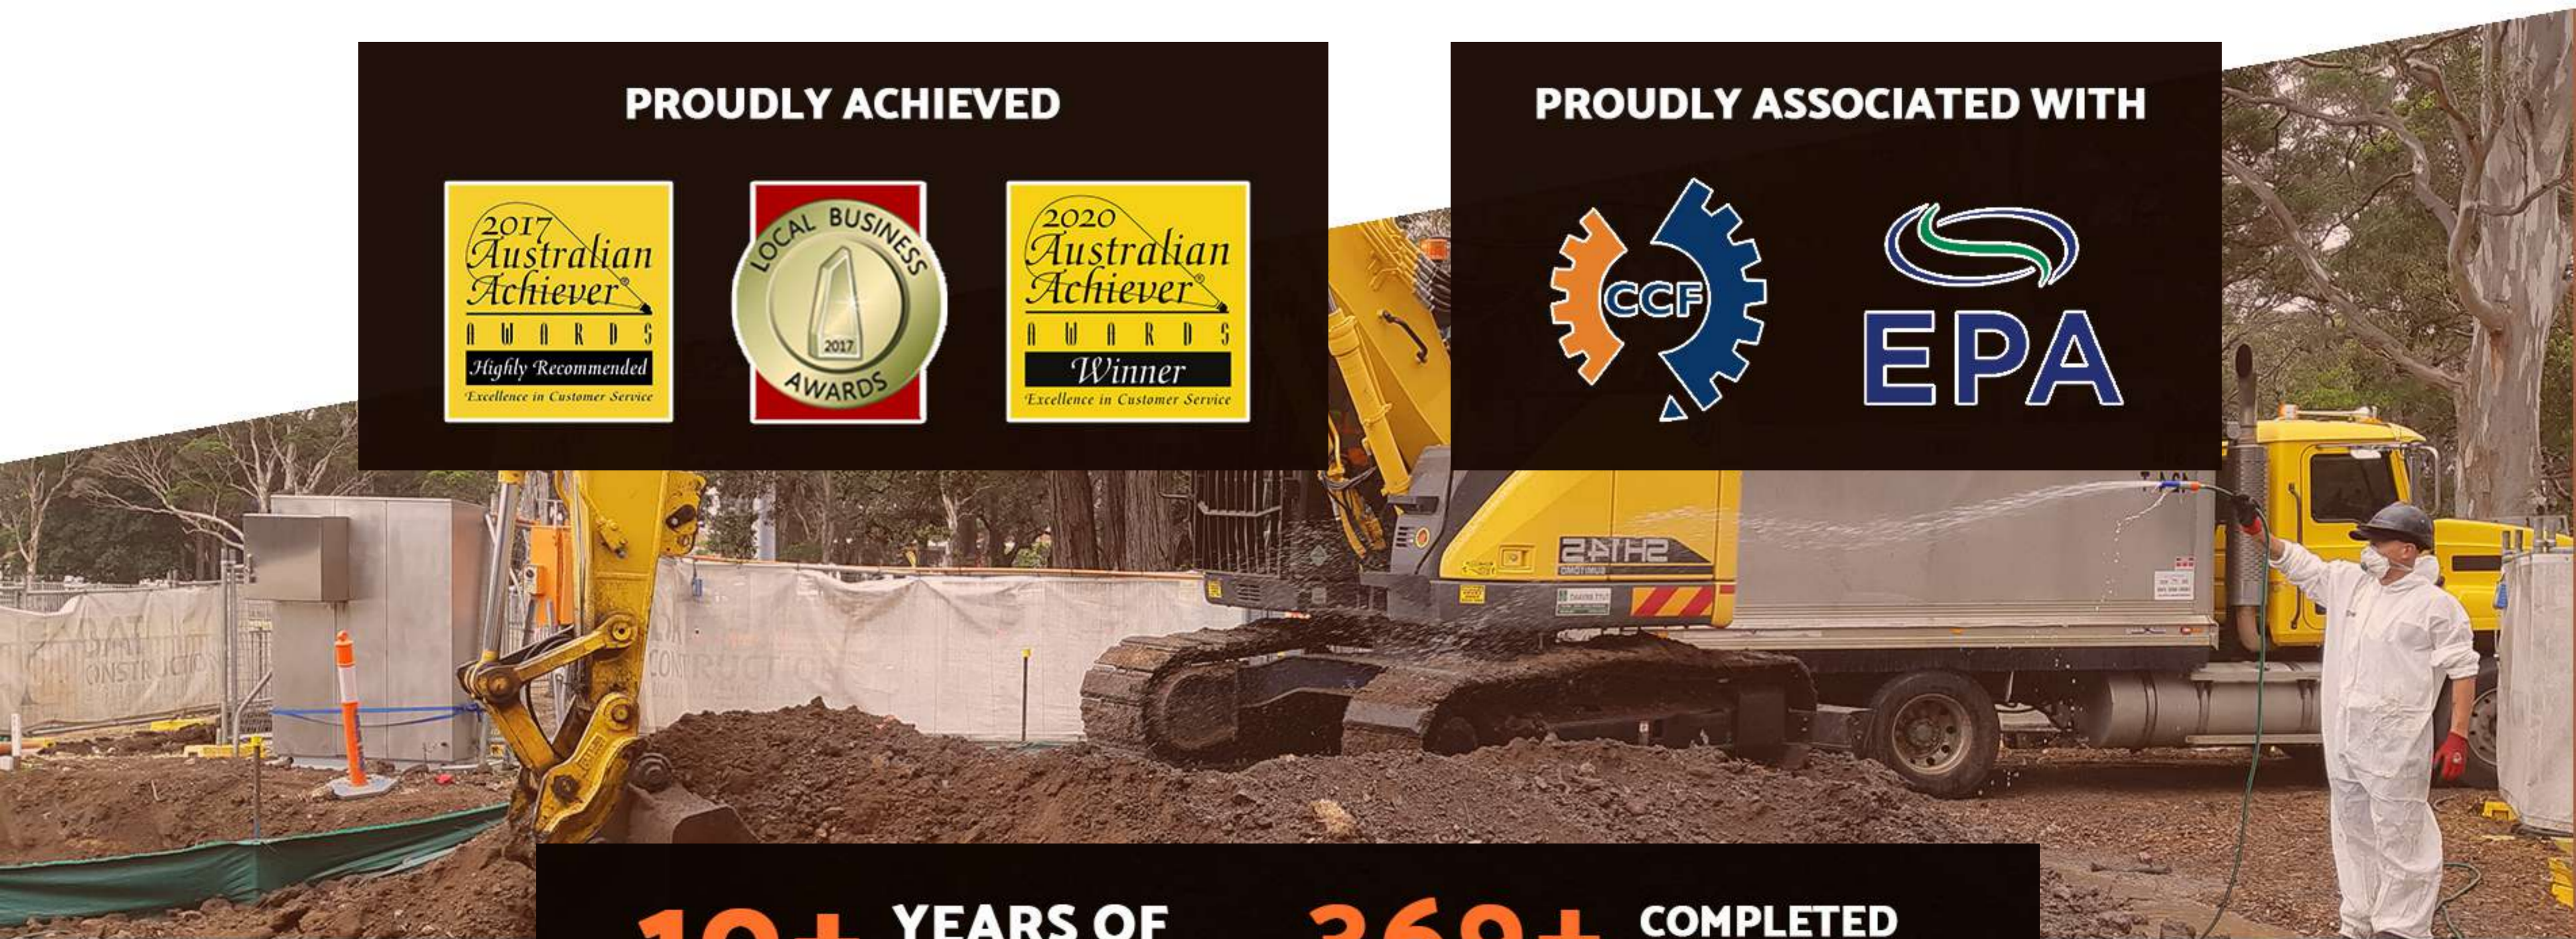

Wollongong City Excavation & Demolition holds a current Non-Friable Asbestos Removal licence (AD213027) and have been safely removing, transporting, and disposing of asbestos for more than 10 years. All contaminated materials are handled and disposed of according to strict quality and safety standards.

All staff are appropriately qualified with relevant licences, and undergo regular training and professional development to stay up to date with latest industry updates and regulations for removal of asbestos and contaminated materials

All hazardous materials are disposed at EPA authorised facilities, and all our works are compliant with all relevant government and regulatory bodies. No project is commenced without extensive risk assessments and safe work method statements.

Our asbestos removal services are using during, but not limited to:

- ◆ Internal & external demolition
- ◆ Strip out
- ◆ Civil demolition
- ◆ Site remediation
