

Are you looking for expert help building a brand new home? Perhaps you're looking to add an extension to an investment property? No matter what your residential construction needs are, Empire Concrete Aust Pty Ltd is here to help you get your construction project off to a strong start with a solid foundation.

A solid start for your residential construction project

We make a point of providing high-quality, concrete pile foundations. If your soil is in a poor condition, concrete piles are essential to ensure that your building remains steady and sturdy throughout the process of the construction. We have all the skills and expertise necessary to provide the base and foundation for your building.

Experienced industry professionals

Our team of hard-working, dedicated concreting contractors have more than 20 years of experience in the industry and always bring our best to every job. We go out of our way to deliver not only quality products but also friendly services and fast turnaround times.

We take a great deal of pride in being Perth's experienced and professional concreting specialists. Our team completes all of our work as quickly, efficiently and effectively as possible. Nothing is more important to us than our clients, which is why we do absolutely everything that we can to deliver complete customer satisfaction on each and every job.

Call us on 08 9304 3924 or 0411 733 868 for more information on our concrete piles or a free quote.
