INSPIRED BY COMFORT

DOMETIC POWER AWNING

PREMIUM QUALITY WITH ELECTRIC CONVENIENCE

If simplicity is what you desire, look no further than the Dometic Power Awning. The Dometic Power Awning brings the convenience of a motor-driven awning to the recreational enthusiast.

- With the simple press of the wall-mounted switch, the Dometic Power Awning opens and retracts with ease
- Suitable for most motorhomes and caravans only
- The power awning fabric is 13 oz. 3-ply polyester reinforced vinyl

TECHNICAL DATA

Type of Awning	12 volt press button powered roll in and out
Fabric	13 oz. 3-ply polyester reinforced vinyl
Weathershield	Colour co-ordinated vinyl
Hardware	A&E white power hardware
Roller tube	Extruded alloy one piece heavy duty roller tube
Extension	approx. 8 feet (2.44 m)
Lengths	12' to 21' (3.66 to 6.4 m) in one-foot (0.305 m) increments

DOMETIC 9000

PREMIUM QUALITY WITH WEATHER SHIELD

Soft, cool and elegant, the Elite 9000 is in a class of its own. Elite 9000's painted aluminium wrap-around weathershield is a series of precisely hinged extrusions that roll into a sleek fabric case and provide maximum protection for the fabric.

- The Elite 9000 is built with A&E universal hardware. Good looking yet rugged and dependable, it is easy to operate and fits virtually any RV
- Exclusive patented PermaLoop™ pull strap
- Same features as the 8500 but the all aluminium weathershield provides maximum fabric protection
- Heavy duty 3-ply polyester reinforced vinyl fabric for long lasting durable service

TECHNICAL DATA

Type of Awning	Semi automatic roll-up
Fabric	13 oz. 3-ply polyester reinforced vinyl
Weathershield	Painted aluminium wrap-around
Hardware	A&E white heavy duty universal hardware
Roller tube	Extruded alloy one piece heavy duty roller tube

COLOURS The colour in this chart should be used as a guide only. For exact fabric colour, see your Dometic A&E Awning dealer.

Quality vinyl fabric

- Horizon colour pattern on both sides.
- Weather-shield colour matches valance.
- Clear acrylic coating resists scratching, fading, mildew and staining.
- UV protected.

Quality vinyl fabric

- Horizon colour pattern on both sides.
- Clear acrylic coating resists scratching, fading, mildew and staining.
- UV protected.

DOMETIC 8500

PREMIUM QUALITY AWNING

The A&E 8500 combines great looks and long life. Its heavy-duty, polyester reinforced vinyl fabric has the rich, vibrant horizon stripe colour pattern that accents its colour matched weathershield.

This dependable awning is available in straight or curved hardware to fit virtually any vehicle.

- Vinyl cushioned lift handles
- Easy operating universal hardware for smooth, fast, effortless one person operation
- Exclusive patented PermaLoop™ pull strap
- Ergonomic lock knobs, positioned lower for easy use
- Anodized aluminium and diecast parts
- Alloy cast end caps with bushings
- Heavy duty torsion spring assembly

DOMETIC 8300 SUNCHASER

EASY ONE-PERSON OPERATION

Not only is the 8300 Sunchaser a great looking awning, it's real value as well. This big, bold and durable awning has all the famous A&E quality that RV enthusiasts have trusted for years - at a very affordable price! It's heavy-duty, polyester reinforced vinyl fabric features a beautiful polar horizon pattern on the top only. Available in five popular colours.

- Ergonomically designed lock knobs
- Exclusive patented PermaLoop™ pull strap
- One person can easily open or close the awning
- Cam lock system holds the awning secure and gives total operator control
- Partial or full approx. 8-foot extension in carport or patio position
- Positive-action foot-and-bracket system; one easy motion releases or locks the support arm foot

Vinyl cushioned lift handle for easy, one handed operation.

on all accessories

DOMETIC PRIVACY SCREENS

Constructed of grey, heavy duty shade cloth, Dometic Privacy Screens are approximately 1.95 m deep and have black kedar at the top to suit Power Awning, 9000, 8500 and 8300 awnings.

Available in various lengths to suit both your awning and lifestyle, Dometic Privacy screens are easy to install and will provide you with privacy when staying in crowded places, as a windbreak or protection from the sun - that afternoon sun will be less of a nuisance on those hot summer days by providing shade and ample ventilation.

- Approx. 1.95 m deep
- Colour grey, approx. 90% shade
- Black kedar at top to suit A&E 12 volt, 9000, 8500 and Sun chaser 8300 awnings
- Privacy and comfort
- Shade and ventilation
- Extreme solar protection
- Eyelets along the bottom
- Easy installation
- Perfect windbreak
- 2 year replacement warranty

DOMETIC ANNEX WALL SYSTEMS

Suitable for all weather conditions, the Dometic Annexe wall system features lightweight, durable and long wearing materials. Whether exploring the hot Australian outback or relaxing in the serene rainforest, being mildew resistant with high UV content on the fabric, the Dometic Annexe wall system will withstand the harshest of conditions.

Featuring a fully modular and versatile design, the Dometic Annexe wall system comes with an adjustable wedge,

allowing you to change the roof height depending on ground conditions. Weighing in at approximately 30% lighter than traditional canvases, the Dometic Annexe wall system is quick and easy to assemble, giving you more time to sit back and relax. With additional doors, windows and individual panels readily available, reconfigurations to suit your set up requirements are a breeze.

- Designed for Australian conditions.
- 2 year full warranty.
- Universal fitment.
- All parts and components readily available.
- Approx. 30% lighter than traditional canvas.
- Heavy duty premium fabric (100% polyester).
- Mildew resistant with high UV content on fabric.
- Additional windows & doors can be added at any time.
- Fully adjustable system for all weather and site conditions.
- Your original Dometic wall set is easily adaptable to fit any size awning.

- Fully modular and adjustable system – windows and doors can be reconfigured to suit your requirements and weather conditions.
- The fully adjustable wedge allows you to adjust the roof height regardless of ground conditions. Ideal for sloping or uneven sites.

Set up in these easy steps:

Step 1:
Hang front/long wall

Step 2:
Place wedges

Step 3:
Zip pieces together

Step 4:
Install wall rail uprights to seal the ends against the van

Step 5:
Install draft skirt

Step 6:
Peg down
