

Your award winning settlement agency - servicing all of Western Australia

Waterways Conveyancing is based in Mandurah, Western Australia. We provide professional real estate conveyancing and settlement services to home buyers and sellers in Perth, the Peel Region, and right across WA. -

Buying or selling real estate involves a large investment of finances and time, and we understand that you want to make sure the details are handled professionally. That's why we take care of your property transactions from beginning to end, making the entire process seamless and stress free.

So thankful that I stumbled across Waterways for our conveyancing needs. Lyn's communication was flawless from start to finish and the entire purchase process was stress free. If we ever buy / sell again, they will be our first choice. Highly recommended.

Julie and Jason Boddington
