Get the full picture with TV antenna service and all things digital in Wagga Wagga and surrounds

Because we wouldn't want you to miss your favourite show

M R D Communications, servicing in and around the **Wagga Wagga** region, are a **TV antenna service** that do the lot.

We do installations, cabling, configuring of digital boxes, plasma/LCD mounting, connecting home entertainment systems, surround sound setup and repairs.

We know how messy and fiddly these jobs can be, so we aim to take over while you sit back and relax.

Antenna installation

Forget climbing up on top of your roof on an unstable ladder in the wind and the rain. M R D Communications deals with these situations several times a day; so dealing with us saves time and stress for everybody. Our technicians will be able to install your antenna in a quarter of the time you can without the problems that might occur to an amateur. There will be no evidence we have been there, apart from crystal clear reception!

Additional TV ports

Did you move into a new apartment? Are your TV needs not being met? Are you currently unable to watch TV in bed? M R D Communications have the solution for you. We can add additional TV ports in as many rooms as you desire.

Remember, our TV antenna service includes everything you need to give you that reception you always wanted. Get the full picture; call M R D Communications!

Repairs and servicing

Did your television reception cut out during the season finale of Desperate Housewives? Then it's time to buy it on DVD and call us. M R D Communications, servicing Wagga Wagga and surrounds, can provide same day service and fix either large or small problems. We also specialise in servicing; because extending the life of your equipment saves money! Broken router? Missing pixels on your TV? We can help!
