Sewing Machine Repairs and Servicing in Geelong

Height's workshop (tech services) provides servicing and repairs to all brands of domestic and industrial sewing machines and over lockers.

We also repair Elna presses, cutting machines and sharpen scissors & blades at a very reasonable price.

We have a call out facility to both homes and factories, as well as provide advice and technical help over the phone.

For more information contact Height's technical services on (03) 5229 5567 or email us: info@heightsewing.com.au

Our workshop is located at 5 Candover Street, Geelong West.

Other Services Provided

- Garment Alteration Service - Zips, Hems etc.
- Machine and Software Lessons
