

A new level of confidence

The unique \$2 million Termidor Assurance Warranty shows our confidence in the product and commitment to ensuring Termidor customers are glad they chose the very best treatment.

Over more than 15 years of use around hundreds of thousands of Australian homes, there has never been a Termidor product failure. Now that the same very powerful ingredient is available in an even more advanced formulation, you have even more reason to share our confidence that Termidor will keep your home safe.

The Warranty covers your home for structural damage up to \$2 million. It also guarantees that your home has been treated by an Accredited Termidor Applicator using genuine Termidor – not one of the many inferior copies.

All you have to do to secure this very high level of extra protection is to register online once your Termidor treatment is complete.
