30 plus years experience
Serving all the Gold Coast

ALL WORK GUARANTEED

COMMERCIAL AND REAL ESTATE PLUMBING SERVICES IN ELANORA & SURROUNDING AREAS

Our vast experience in all aspects of the plumbing business has provided us with a wealth of knowledge and skills that are invaluable to providing customers with the best quality work possible. It also means that in addition to carrying out small jobs and providing general plumbing services to residential customers, we are also comfortable taking on large-scale plumbing projects for commercial clients.

Commercial plumbing services

Our commercial plumbing services are available to everyone from the business owner who needs maintenance and repairs on industrial scale equipment in the workplace, through to real estate contractors and developers and projects involving whole estates of houses or apartment blocks.

Barker Plumbing Services approaches every project, big or small, with the same levels of quality and honesty and we always work hard to provide our services at competitive prices.

For more information on our commercial plumbing services and to find out what we can do for your business, please contact us.
