FORWARD

Hello,

Thank you for ordering your Free Butchering Catalogue. Home and Farm butchering, using the right equipment, can save you hours of time and real savings. This also gives you real satisfaction when you eat your own quality cuts of meat, sausages etc.

Bruce Wills

Our catalogue covers all areas of butchering – cutting and slicing, mincing, sausage making, curing and packaging with lots of other items included. With over 25 years of experience in supplying the home and farm butchering market, you can take advantage of a wide range of contacts to order any special equipment or information you may need. Simply phone us and leave your phone number and we will return your call to save your phone costs.

My name is Bruce and I will be glad to help you at any time. The phone number is **02 6362 3785** during business hours and after hours 0405 491 681.

By the way, why not try our sharpening service for knives, scissors, mincing plates, cutters, etc.

ORDERING INSTRUCTIONS

Due to the variation of freight costs please phone or fax your order to (02) 6362 3785 during business hours. As we have large freight arrangements we can negotiate **special** freight prices for you, with national carriers. For the smaller items we generally use Australia Post.

For accurate product delivery please use catalogue Product Code numbers.

WARRANTY

Most products carry their own manufacturer's warranty, which is fully backed by us and we also now have extended warranty on selected products. Please contact us if there are any warranty claims.

PRICES

Please note, due to the many market forces, prices are altered constantly. It is impossible to notify all customers as they occur, therefore prices may alter without notification.

PAYMENTS

All payments should be made to BT and L Wills either by Direct Deposit, Cheque, Money Order or Credit Card

CUSTOMER SATISFACTION

It is our aim to give full customer support and satisfaction. Please do not hesitate to advise us of any problems with, or improvements to, the products/services, as this will allow us to further benefit you in the future.

Kind Regards,

Bruce Wills
Manager

TOMATO SQUEEZER

The Reber Electric Tomato Squeezer is excellent for processing all kinds of tomatoes from raw, steamed, boiled or roasted, into delicious purees. It separates the skins and seeds from the flesh while pureeing the fruit or vegetables to the right consistency for sauces etc.

Tomatoes are fed into the hopper, then move down a spiral auger, the pulp enters the sides of the cone and the seeds and skins are forced out the end of the cone into a waste container.

This machine is ideally suitable to be used for jams, pumpkins and squashes.
