

Why an insurance broker?

Armstrong's Insurance Brokers is not exclusively aligned with any particular insurer meaning we have access to a large number of insurance markets in order to obtain the best cover at the most competitive price in order to meet your insurance needs.

As a broker Armstrong's Insurance Brokers represents your interests and not the interests of the insurer.

Armstrong's Insurance Brokers has built genuine relationships with our carefully selected [Strategic Partners](#).

To identify the most appropriate solutions for you and your business, Armstrong's Insurance Brokers work with our [Strategic Partners](#) and the wider insurance market. Armstrong's Insurance Brokers will consult with you so you feel confident when choosing the most appropriate insurer and their available offerings; providing you with a better outcome than if you were to go direct to a single provider.

Using an insurance broker doesn't necessarily cost more. Often it costs less because we have in depth knowledge of the insurance market and the ability to negotiate on your behalf.

You will benefit most by developing a close business relationship with us at Armstrong's Insurance Brokers where we understand your future plans, the associated risks and how you like to do business.

As an insurance broker our foremost duty is to you, the client and not to the insurance companies.
