

ALU-GARD EDGE

SECURITY SCREENING SYSTEMS

ALU-GARD EDGE is the latest edition to the ALU-GARD range, the All-Aluminium security screening solution for Australian conditions. EDGE is a PVC pressure retention system that retains the ALU-GARD perforated aluminium sheet in an extruded aluminium frame.

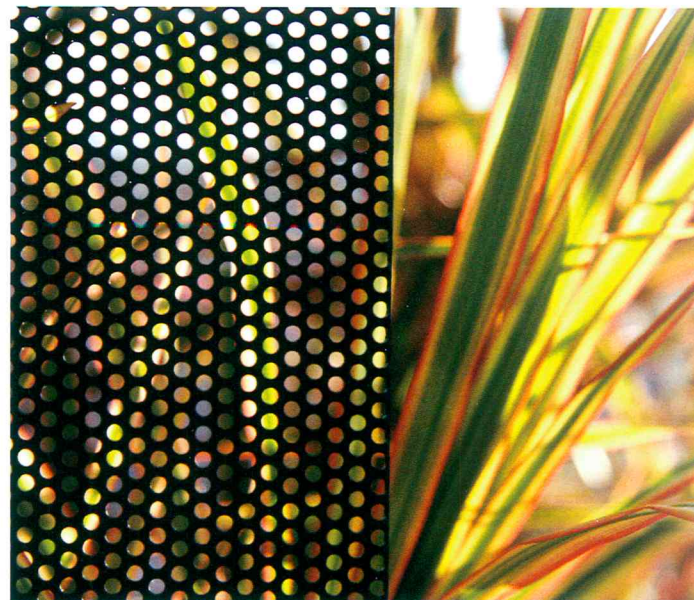

ALU-GARD EDGE not only provides security, clarity of vision and strength, it is also corrosion resistant and looks great.

ALU-GARD
ALUMINIUM SECURITY SCREENS

ALU-GARD EDGE Design

ALU-GARD EDGE utilises a strong (1.6mm thick) aluminium sheet that is perforated and powder coated in Australia to exacting standards. The sheet is retained in a frame with our bespoke PVC pressure retention system. The resulting screen is strong, extremely resistant to corrosion and provides excellent clarity of vision.

The Complete Range

ALSPEC now offers the complete range of screening systems from our top of the range INVISI-GARD Stainless Steel Security Screens, through to ALU-GARD, Federation Cast Panels, Diamond Grilles, one way vision mesh, fibreglass and aluminium insect screen and all the associated accessories.

For a history of great service and quality built products when considering an aluminium screen door system, there's only one place that has all the solutions - ALSPEC.

Choice of Stylish Colours

With ALU-GARD products, matching the colour to existing door and window frames is not a problem. A full range of powder coated colours along with anodised finishes are readily available from your ALU-GARD dealer.

Custom Built

All ALU-GARD products are custom built, made to measure to suit your exact requirements.

ALU-GARD EDGE Security Screens are suitable for a wide range of residential and commercial applications including the following:

- Hinged Doors
- Sliding Doors
- Security Window Screens
- Balustrade
- Fencing

All fixings are covered with an adaptor ensuring a smooth and clean finished product.

ALU-GARD EDGE Test Performances

The ALSPEC ALU-GARD EDGE Screen Door System has been tested in an approved NATA test rig to Australian Standards AS5039-2008 for hinged security doors:

Knife Shear Test AS5039-2008	PASS
Dynamic Impact Test AS5039-2008	PASS
Lock and Lever Hinge Test AS5039-2008	PASS
