

caesarstone®
Classico™

The Classic Colour Collection

Uniquely Your Own

A perfect surface is like the icing on the cake. It's the final touch, your own personal signature. Finding exactly what you want isn't easy. Whether for the kitchen, bathroom or living room, there's a Caesarstone® colour and design that meets your needs, captures your spirit and sparks your imagination.

Quartz Pioneer

Caesarstone's original quartz surface was a pioneering innovation in 1987. Since then, we've developed thousands of designs and today, you'll find us worldwide in over 40 countries. Our surfaces consist of up to 93% quartz. They come from our state-of-the-art manufacturing facilities, utilising the most advanced technologies available. Based on our accumulated know how over the years, our production processes comply with the highest standards of quality control and environmental responsibility.

Why Caesarstone®?

Quartz is more than beautiful. It is also one of nature's strongest minerals. Resistant to stains, scratches and cracks, quartz is impervious to heat and cold and to common household chemicals. Caesarstone® quartz surfaces combine form and function, allowing for the most diverse, durable and practical applications. Our surfaces retain the cool, tactile qualities of natural stone - while offering design freedom with almost unlimited possibilities.

Whether for benchtops, splashbacks, vanity tops or wall paneling, you can pick a design that combines international trends with your own personal lifestyle.

Insist on the original quartz surface

Caesarstone® Classico™

Style combined with functionality means that the Caesarstone® Classico™ collection colours and designs are ideal for numerous applications in both residential and commercial interiors such as benchtops, splashbacks, wall paneling, custom made furniture and more.

*However you want to express yourself,
with Caesarstone, you can*

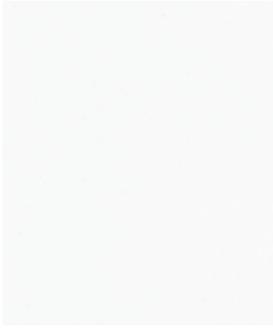

1141 Pure White™ & 3100 Jet Black™ Vanity

Non-porous, waterproof, mould and mildew resistant, Caesarstone® quartz surfaces are ideal for bathroom applications. Large slabs provide a sleek and modern aesthetic, minimising joins and therefore maintenance.

Caesarstone® is made from natural quartz and therefore some variation in colour and aggregate may occur. We always recommend making final colour selection from an actual sample or full slab of Caesarstone® as the colours in this brochure are only as close as modern printing methods allow.

10 Year Limited Warranty

Every Caesarstone® quartz surface comes with a comprehensive warranty. On receipt of your warranty registration information, you will be provided with a complimentary Caesarstone® cleaning kit and a stainless steel Caesarstone® Authenticity Badge which demonstrates the authenticity of your product.

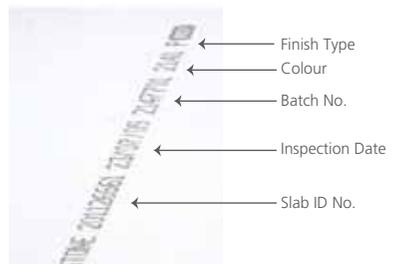

Easy Care

Caesarstone's quartz surfaces are non-porous and never need sealing requiring very little maintenance to keep them looking like new. The hard, non-porous surface makes cleaning simple. In most cases, soap and water or a mild detergent are all that are required to maintain its luster.

Caesarstone® Slab ID

The underside of every Caesarstone® slab is uniquely stamped with identification information establishing authenticity.

Slab Size and Weights

The nominal dimensions of Caesarstone's quartz slabs are 3060mm by 1440mm enabling greater design flexibility and maximum utilisation of the product. Slab weights are 20mm = 220kg, 30mm = 330kg and 13mm = 143kg.

Edge Profiles

Many edge profiles are possible, from single thickness 20 or 30mm slabs, through to laminated double thickness edge options. Our minimum suggested edge detail is 3mm radius on any profile.

Quality and Sustainability

Caesarstone® is the first quartz manufacturer to meet ISO 14001, the international standard for environmental management and performance. Our recycled products are SCS certified. Every single surface meets stringent American Greenguard standards ensuring safe and clean indoor air. We are accredited by the National Sanitation Foundation (NSF) certifying that our surfaces are qualified for unrestricted use in labs, healthcare facilities and food preparation environments.

Other Caesarstone® Collections

caesarstone®

The Patterned Textured Collection

Motivo™

Incorporating a sculpted pattern texture into the surface, Motivo™ is another Caesarstone® first. Using a cutting-edge patented technology.

caesarstone®

The One of a Kind Collection

Supremo™

Our newest premium collection, Supremo™, consists of sophisticated and individual one of a kind surfaces.

caesarstone®

The Semi-Precious Stone Collection

Concetto™

Concetto™ is a collection of extraordinary surfaces hand-made from individually cut and bound semi-precious stones.
