*"I have known Andrew Bell for 16 years on both a professional and a personal level and can say that he is one of the very few people in my life that I have come to respect and value in both of these areas.*

*He represented my son's interests for settlement after he had a near drowning accident in a baby sitters pool, which has left him with a permanent brain injury. Through out the many years of constant legal and personal battles he was always been there, both in person and on the phone, at all hours when both my wife and I had lost all desire and strength to keep fighting. A few words of wisdom and encouragement was all it took to keep going, and this has continued to this day.*

*Andrew is one of very few people I have met in my life that has a genuinely good heart with the highest of morals both in business and his personal life. He is immensely respected by everyone I talk too, for his gentle nature, compassion, humour and positive drive to champion the rights and quality of life for those of us who are dealt a difficult hand."*

*"I don't know where to start in order to thank you and your firm. I will start by expressing my appreciation for standing by me and having faith. I didn't just feel like a number or 'Just another client'. I felt like I was the only client at times giving the attention you set aside for my case.*

*I know I will be experiencing challenges in the future but I know there will be people in the world that will help. That's the reassurance that I feel now thanks to 'Bell Lawyers'.*

*This victory does not fix my continuous back pain but it does something more special. On a different level. This victory helped make me feel better.*

*I never lied and continue being honest about my case. As I write this my back is sore and yet I am so happy. Mainly because I had the best lawyer and a genuinely decent bloke 'Andrew Bell' helping me.*

*I felt like I was in good hands knowing such a great man was on my side!*

*Thanks a Billion Andrew! I will keep in touch and never forget you or your help."*
